

SGIUG

Silicon Graphics Worldwide User Group

SGI 2008 User Group Conference

June 9-12, 2008 – Los Angeles, CA

Join us at the 6th Annual SGI User Group (SGIUG) Conference in Los Angeles, June 9-12, 2008.

The conference will include tutorials, technical presentations, and workshops. You will also have the opportunity to meet with top SGI executives and engineers who will share with you first hand company information that you will not find elsewhere. During this year's conference we will also be celebrating SGI's 25th Anniversary.

The SGI User Group (SGIUG) is an independent, worldwide community focused on sharing information and improving the technical productivity of SGI® high-performance computing, data storage, and visualization systems. The user group and conference is open to all and we welcome new members.

Renaissance Montura Hotel

Los Angeles, CA | June 9 – 12, 2008

To register for the conference or for additional information on pricing and accommodations visit the SGIUG website at www.sgiug.org.
